Boston Aug 18th 1845

Dear Friend,

The bearer of this letter, James N. Buffum & Frederick Douglas have been for many years the devoted advocates of the Anti-Slavery cause, as well as highly esteemed personal friends of my own.

They hope, by visiting Great-Britain, in some measure to promote its interests there, & to obtain

information & improvement
which may enable them to
promote it more effectually in
the United States hereafter.

Any kind attentions which
they may receive from you, will
be felt by me most gratefully;
and not by me alone, but by
many others of your Boston
friends, whose absence from town
at this moment, prevents them
from giving letters to Mr. Doug-
las & Mr. Buffum.

With sincere re-

Jonas, & most grateful
recollections of all the kindness
which you have shown to
Jonas Jenne, & which I
earnestly take for the opportunity
to reciprocate,

I am

Yours truly

Mary Wilson Chapman.
